

NO to GMO AWARENESS RALLY

Sunday April 10, 2011 2pm-3pm
@the Sails statue Downtown Kelowna

Bill C474's defeat affected food consumers and farmers alike, both organic and conventional. To protect the natural food supply from genetic contamination, we say no to genetically modified organisms.

Enough is enough.

We all have a right to eat pork without mice genes and the right to eat food crops that aren't producing pesticides internally (you can't wash that off).

Let's stop GM Salmon, the Enviropig and block GM Alfalfa.

We have a right to know which foods are GMO. Come sign the petition for mandatory labeling.

Accompanying us at the rally as our special guest, **Percy Schmeiser**, the legendary Canadian farmer who fought the corporate giant **Monsanto**.

ALSO

Percy Schmeiser will be speaking in the theatre at the Okanagan College Campus on KLO Road.

1000 KLO Rd. | Saturday, April 9th 2011
Kelowna, B.C. | Doors open @ 6:30 p.m.

ENTRY DONATIONS APPRECIATED
